

Surgical Solutions Career Opportunities

About Us: Founded in 1998, Surgical Solutions is a US-based healthcare solutions company that provides mission-critical services to hospital operating rooms for over 20 years. Our company culture built on integrity, respect, and work ethic. We say what we will do, and we do what we say! We are known for the great care we take with clients and employees alike.

What We Do: We support services that include Technicians, disposables, instrumentation, and repairs for minimally invasive procedures. Surgical Solutions manages the logistics and finances of equipment, scopes, and instrumentation needed for your minimally invasive surgical procedures.

Role Summary: Surgical Solutions Technicians serve as an integral member of the Operating Room team providing surgical support and equipment for minimally invasive surgeries. They actively assist in daily OR operations, including duties associated with pre-operative set up, intra-operative support, and post-operative turnover. Also provide additional support in SPD, including decontamination, assembly, and unloading case carts.

Responsibilities:

- Maintain high standards for decontamination, assembly, inspecting, wrapping, and sterilization of surgical instruments and medical equipment
- Actively assist in daily Operating Room operations, including Pre-Operative Set Up, and Intra-Operative Support and Post-Procedure Turnover
- Equipment Maintenance and Repair Management
- Provide exceptional customer service to the hospitals we serve
- Collaborate well with fellow team members and hospital staff, act with respect and dignity towards others
- Maintain CRCST Certification

Qualifications:

- 1-3 year of Operating Room experience preferred.
- 2-5 years of face-to-face customer service experience preferred.
- High School Diploma/GED required.
- **CRCST Required within 120 days of employment – some hospital accounts require before hiring**
- Availability for 24/7 hospital coverage including both weekday and weekend rotational scheduled and on-call shifts.
- Strong written and verbal communication skills.
- Attention to detail, problem solving, and critical thinking skills.

Ideal candidates have a 'no job is too big or too small' and 'can do' attitude.
